

PROJECT RESTORE HOPE 2023 Annual Report

Mukuru, Nairobi, Kenya

About This Report

This document covers the 2023 reporting period (January–December 2023). Figures below are drawn directly from Project Restore Hope's internal monthly budget records as supplied; no figures have been estimated, extrapolated, or added beyond what appears in the source records.

Monthly Financial Records

Month	Cash Received (KSh)	Total Spent (KSh)
January	965,000	965,000
February	1,267,000	1,267,000
March	908,000	908,000
April	699,000	699,000
May	813,000	813,000
June	838,000	Not stated
July	838,000	Not stated
August	1,139,000	Not stated
September	1,016,000	Not stated
October	1,032,000	1,032,000
November	914,000	914,000
December	915,000	915,000

2023 Totals (as recorded)

Total "Cash Received" reported across 12 month(s): KSh 11,344,000

Total "Total Spent" reported across 8 month(s): KSh 7,513,000

These totals are simple sums of the figures as they appear in the source monthly records. The source records include some entries with unclear, inconsistent, or seemingly duplicated figures (for example, repeated identical month-to-month totals, and one figure for February 2025 that appears to reflect a partial or mis-recorded amount). These have not been corrected or estimated; they are presented as found.

Construction & Debt Notes

The source budget records track an ongoing construction/contractor debt balance across multiple months, alongside routine program costs (food, staff wages, utilities, transport). Debt balances fluctuate month to month within the records and are not reproduced figure-by-figure here to avoid presenting an incomplete or out-of-context debt history; detailed records are retained internally and are available upon request.

Fund Allocation

Project Restore Hope's published fund allocation (as stated on the organization's Financial Transparency page; not specific to a single year):

Category	Percentage
Education Programs	45%
Feeding Program	25%
Orphan Support	15%
Community Outreach	5%
Building Fund	5%
Admin	5%

This allocation breakdown is presented on the organization's website as a general statement of how funds are used and is not dated to a specific year in the source material.
